As of MON 15 JUL 2024

Olympic Competition Format

The 15 Judo events at the Olympic Games Paris 2024 consist of seven men's and seven women's individual events and one Mixed Team event:

Women	Men	Mixed Team
-48 kg	-60 kg	Team (3 men and 3 women)
-52 kg	-66 kg	Categories:
-57 kg	-73 kg	Women: -57 kg, -70 kg, +70 kg
-63 kg	-81 kg	Men: -73 kg, -90 kg, +90 kg
-70 kg	-90 kg	
-78 kg	-100 kg	
+78 kg	+100 kg	

Individual events

The Individual events are based on a direct elimination system. Repechage contests allow the losers of the quarterfinals a chance to compete for the bronze medals. The competitors will be divided into two tables by means of a draw, and an elimination system will be used to produce two finalists, who will compete for the gold medal. The competitors defeated in the quarterfinals will compete in the two repechage contests. The winners of each of these two repechage contests will compete in a bronze medal contest against the loser of the semifinal contest of the opposite table.

The winners of the bronze medal contests are awarded the bronze medals, and the losers are placed equal fifth. The losers of the repechage contests are placed equal seventh.

The top eight judoka in each individual event from the International Judo Federation (IJF) Seniors World Ranking List, updated at the end of the qualification period, will be seeded. All other judoka will be randomly drawn.

Mixed Team

The Mixed Team event is based on a direct elimination system. Repechage matches allow the losers of the quarterfinals a chance to compete for the bronze medals. The teams will be divided into two tables by means of a draw, and an elimination system will be used to produce two finalists, who will compete for the gold medal. The teams defeated in the quarterfinals will compete in the two repechage matches. The winners of each of these two repechage matches will compete in a bronze medal match against the loser of the semifinal match of the opposite table.

The winners of the bronze medal matches are awarded the bronze medals, and the losers are placed equal fifth. The losers of the repechage matches are placed equal seventh.

The top four teams from the IJF Mixed Teams World Ranking List, updated at the end of the qualification period, will be seeded. All other teams will be randomly drawn.

Teams of six judoka (three men and three women) will be composed after the individual competition.

Contest Duration

The duration of the contests will be four minutes (actual time) for men and for women in accordance with the IJF Sport & Organisation Rules (SOR) and Refereeing Rules.

Weigh-in - Individual events

The weigh-in will be organised at the Olympic Village. This should be conducted for men and women simultaneously, in separate rooms, for the weight categories competing on the next day.

Competitors must weigh within the limits of the appropriate category and no tolerance will be allowed either above or below the category.

Competition Format and Rules

As of MON 15 JUL 2024

Weigh-in - Mixed Team event

The weigh-in will be organised at the Olympic Village. This should be conducted for men and women simultaneously, in separate rooms, for the weight categories competing on the next day.

Athletes who took part in the individual competition are granted a +5% kg tolerance.

Differences between IJF World Championships and the Olympic Games

The IJF World Championships Seniors are open for athletes ranked from 1 to 100 (including all tied athletes) in the IJF Seniors World Ranking List, and athletes ranked from 1 to 16 (including all tied athletes) in the IJF Juniors World Ranking List. Each National Federation is allowed to enter up to nine entries for women and men, with a maximum of two athletes per category. In addition, the host country may enter up to nine entries for women and men with a maximum two athletes per category, regardless of the World Ranking List position.

The Olympic Games are based on a qualification system. Only one athlete per category per country can participate in the Olympic Games if he/she is qualified.

The Mixed Team event at the IJF World Championships allows two athletes per category, a total of 12 (6 men and 6 women).

The Olympic Games allows all athletes who qualify in the individual competition to take part, a total of 14 (7 men and 7 women). The NOCs having a team able to compete in all of the six categories can participate.

Changes since the Olympic Games Tokyo 2020

The Mixed Team has changed to allow up to 14 judoka, while only 12 in Tokyo.

Sport Rules and Procedures

Competition Method

The Judo competition will be held in accordance with the IJF Sport & Organisation Rules (SOR) and Refereeing Rules.

The objective of Judo is to score ippon, which puts an immediate end to the contest. Ippon can be scored with a throwing technique as well as on the ground.

Tie Break Rules (Hantei) and Procedures

Individual events

In regular time (four minutes), a contest can only be won by a technical score or scores (waza-ari or ippon).

A penalty or penalties will not decide the winner, except for hansoku-make (direct or accumulative). A penalty never corresponds to a score.

When the time allotted for the contest ends (four minutes for men and women) and both judoka have no technical score, or the technical scores are equal at the end of the regular contest time, the contest shall continue in Golden Score regardless of the number of shido given.

The referee calls "Soremade" and the time clock will be reset.

Any existing score(s) and/or numbers of shido from regular time are carried into the Golden Score period and will remain in all real time outputs (scoreboards, TV captions, RTDS, etc.).

There will be no rest period between the end of the original contest and the start of the Golden Score period.

There is no time limit for golden score.

Competition Format and Rules

Format et règlement des compétitions

As of MON 15 JUL 2024

Golden score can only be won by a technical score (waza-ari or ippon) or hansoku-make (direct or by accumulative shido). If direct hansoku-make is given, the consequences are the same as those in regular time.

Mixed Team

If there are an equal number of wins at the end of the match, a draw is made from all categories regardless of whether the team has a judoka entered or not (any category in which neither team has a judoka entered will not be included in the draw). The judoka in the drawn category will compete in a Decision Contest (Golden Score). The draw is by computer and displayed on the judoka and public (big screen) scoreboards. The draw for the category is made according to the IJF rules.

Penalties / Disqualification Rules

All penalties are divided into "slight" infringement or shido (a type of warning) and "serious" infringement or hansoku-make (direct disqualification).

For technical and tactical faults that do not affect the integrity of the contestants and are not against the spirit of judo, the judoka will receive shido penalty.

The repetitions of technical and tactical faults, which are penalised with shido, are cumulative and a maximum of three faults can be given. This means that after a third shido the contest will be stopped and the opponent will be declared the winner by ippon.

There are several circumstances which result in disqualification (hansoku-make):

1. When hansoku-make results from "progressive" penalties (three shidos), the disqualified contestant is allowed to continue to compete in the repechage rounds, etc. including the bronze medal contest, if applicable.
2. In the case of direct hansoku-make for "protection" of a contestant (e.g. diving headfirst onto the mat), the competitor is allowed to continue to compete the repechage rounds, etc. including the bronze medal contest, if applicable.
3. In the case of direct hansoku-make for acts against the spirit of judo and/or application of dangerous techniques, the competitor is disqualified from the competition. If the hansoku-make is for acts against the spirit of judo a sanction can be added. For details, please refer to the IJF Sport and Organisation Rules (SOR) and Refereeing Rules.

Remark Regarding Award Ceremony

If hansoku-make has been given for "protection" of the athlete (e.g. diving headfirst onto the mat), or for three shidos, medals and places should be awarded; if it is for acts against the Judo spirit, the IJF Ad Hoc Commission will decide.

Winning Technique

To provide information on which technique was used while winning the contest, the IJF uses various codes (140 of them) that are listed together with the contest score in the Contest Result reports and Contest List. These codes are mostly used by statisticians. The full list of codes is available on the IJF website.

Protests / Appeals

Protests against the Referees' decision will not be accepted.

Golden Score	An extra period of unlimited time intended to break ties if scores or penalties are equal at the end of the contest period. Golden score can only be won by a technical score (waza-ari or ippon) or Hansoku-make (direct or by accumulative Shido). If direct Hansoku-make is given, the consequences are the same as those in regular time.
Hansoku-make	There are several possibilities for Hansoku-make. <ol style="list-style-type: none"> 1. In the case of Hansoku-make resulting from "progressive" penalties, the contestant penalised with three Shidos is allowed to continue competition in repechage, including the bronze medal contest (if applicable). 2. In the case of direct Hansoku-make for "protection" of the judoka (e.g. diving headfirst onto the mat), the judoka is allowed to continue competition in repechage, including the bronze medal contest (if applicable). 3. In the case of direct Hansoku-make for acts against the Judo spirit the judoka cannot continue in the competition. In this case, a sanction may be added and IJF officials will decide his classification.
IJF Ad Hoc Commission	In any of these three cases, the opponent wins the contest by ippon. The IJF Ad Hoc Commission will make a decision on any exceptional situation (unacceptable behaviour, etc.)
Ippon	Full point, ends the contest.
Judogi	Dress worn in judo competitions, either white or blue with a belt.
Judoka	Judo competitor.
Kiken Gachi	Withdrawal. The decision of kiken-gachi will be given to any contestant whose opponent withdraws from the competition for any reason during the contest.
Mat	Competition area. There are two mats at the Olympic Games for the preliminary rounds and one for the final block.
Match	Event unit. A summary of six contests between the judoka in the Mixed Team event. If there are an equal number of wins at the end of the match, a draw is done from all categories regardless if the team has a judoka or not (if both teams do not have a judoka in the same category, this category will not be included in draw). The judoka in the drawn category will perform a golden score contest. The draw is done by computer and displayed on the FOP and public (big screen) scoreboards.
Matte	Command: Interrupt the contest.
Ne-waza	Ground work.
Referee Commission	The members of the Referee Commission assist the Referee Director in the execution of his duties. They control the work of the acting referees.
Referee Director	The Referee Director coordinates the work of the Referee Commission. He overlooks new developments in Judo and formulates rules in coordination with the spirit of this sport. He is responsible, together with the IJF Sports Director, for the running of IJF controlled competitions.
